
pyEX-caching Documentation

Release 0.0.4

Tim Paine

Feb 17, 2020

Contents

1 Attribution	3
2 IEX Cloud attribution	5
3 Getting Started	7
4 API Documentation	9

Library for caching and querying IEX market and reference data using either SQLAlchemy or kdb+.

[Build Status](#) [Coverage](#) [BCH compliance](#) [License](#) [PyPI](#) [Docs](#)

CHAPTER 1

Attribution

If you redistribute our API data:

- Cite IEX using the following text and link: “Data provided for free by [IEX](#).”
- Provide a link to <https://iextrading.com/api-exhibit-a> in your terms of service.
- Additionally, if you display our TOPS price data, cite “IEX Real-Time Price” near the price.

CHAPTER 2

IEX Cloud attribution

Powered by IEX Cloud

CHAPTER 3

Getting Started

- Read The Docs!

CHAPTER 4

API Documentation
